Rates, Rules, Charges, Operations,
Practices, Contracts, Services and
Aesthetics and Economics of Facilities
of all Electric and Communication
Public Utilities in the State of
California.

Case No. 8209

SUPPLEMENTAL ORDER

The Pacific Telephone and Telegraph Company by petition filed December 1, 1967 has requested a modification of ordering paragraph 7 of Decision No. 73078 in Case 8209 and for an extension of time to April 1, 1968 to comply with such modified ordering paragraph. Ordering paragraph 7 of Decision No. 73078 orders petitioner, among other requirements, to file by December 13, 1967 a full report on conversion work completed during 1966, including a listing and description of each project and indicating the distribution of costs between petitioner and others.

Petitioner alleges that so doing will involve inspecting about 42,000 orders and estimates and cost an estimated \$30,000 to \$60,000. Petitioner further alleges it can provide a reasonable estimate of conversion costs in 1966, but not by projects, based on the relationship of conversion costs to construction costs in 1965 and 1967.

It appearing to the Commission that the petitioner has shown sufficient cause,

C. 8209 ds

IT IS ORDERED that The Pacific Telephone and Telegraph Company shall submit by April 1, 1968 a cost estimate, with supporting details, of its conversion work completed in 1966 in lieu of that portion of ordering paragraph 7 of Decision No. 73078 as it applies to petitioner for its year 1966 conversion report.

The effective date of this order shall be the date hereof.

Dated at San Francisco, California, this 12th day of DECEMBER, 1967.
