(Request for cancellation of certificate filed September 5, 1967)

ORDER REVOKING OPERATIVE RIGHT

On September 5, 1967, the applicant L P G Transportation Corp. filed a request that the Commission cancel the following certificate of public convenience and necessity to operate as a highway common carrier for the transportation of liquefied petroleum gases in all of their forms, as issued to L P G Transportation Corp.:

Decision No. 42849 issued May 10, 1949 in Application No. 29841, as amended by Decision No. 42996 issued June 14, 1949 in Application No. 29841, and as further amended by Decision No. 57900 issued January 20, 1959 in Application No. 40499.

Said applicant states that it has had no operation since July of 1966, and that the public will be protected by the services of Ventura Transfer Company dba Orr Tank Lines which has a similar certificate of public convenience and necessity and which is operated by the same management which operates L P G Transportation Corp. The Commission finds that the services to be provided under the certificate granted to L P G Transportation Corp. are no longer required by public convenience and necessity and concludes that such certificate should be revoked.

A. 29841, A. 40499 HJH

Therefore, IT IS ORDERED that the certificate of public convenience and necessity issued to L P G Transportation Corp. by Decision No. 42849 in Application No. 29841, as amended by Decision No. 42996 in Application No. 29841, and as further amended by Decision No. 57900 in Application No. 40499 is hereby revoked.

The effective date of this order shall be twenty days after the date hereof.

Dated at San Francisco, California, this 3rd day of JANUARY, 1962.
