ORDER BROADENING ORDER
GRANTING REHEARING

By Decision 71744 of December 27, 1966, applicant was granted a certificate of public convenience and necessity. Rehearing of Decision 71744 was granted by Decision 72349 of May 2, 1967. Petition for modification of the order granting rehearing was filed by Pacific States Cold Storage Warehousemen's Association and Los Angeles Warehousemen's Association on May 12, 1967. The petitioning associations allege that they were denied opportunity to fully develop through cross-examination certain issues which are relevant to the application. They contend that the rehearing granted by Decision 72349 is unduly limited and unduly restricted. They request broadening of the order granting rehearing in Decision 72349, and good cause appearing,

IT IS ORDERED that rehearing granted by Decision No. 72349 is broadened to encompass the following matters:

1. Applicant's current financial status and capacity in California, stated separately from operations in other states;
2. The extent that public convenience and necessity require applicant to provide cooler room or dry storage space;
3. The extent that applicant may be permitted to add to, extend, or otherwise increase its storage or warehouse floor space under Section 1051 of the Public Utilities Code, and;
4. The nature, scope, and reasonableness of rates, rate levels, rules and other tariff provisions under which applicant will conduct operations.

The Secretary is directed to cause copies of this order to be mailed to all appearances, and to cause appropriate notice of rehearing to be mailed at least 10 days prior thereto.

Dated at San Francisco, California, this 9th day of JANUARY, 1967.
