

Decision No. 73608

ORIGINAL

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Application of the CITY OF ORANGE)
to establish a grade crossing of)
Main Street over and across a main)
line track of the Southern Pacific)
Railroad Company East of the Santa)
Ana River and West of Batavia Street)

Application No. 49600
(Filed August 10, 1967)

O R D E R

City of Orange is hereby authorized to construct Main Street at grade across the Tustin Branch of the Southern Pacific Company, at the location described in the application, to be identified as Crossing No. BM-514.0, in the City of Orange, Orange County.

Width of the crossing shall be 84 feet and grades of approach not greater than four percent in accordance with plan attached to the application. Construction shall be equal or superior to Standard No. 2 of General Order No. 72. Protection shall be by four Standard No. 8 flashing light signals (General Order No. 75-E), supplemented with automatic crossing gates. Backlights may be omitted from the signals on the median island.

Applicant shall bear entire construction expense, also maintenance cost of the crossing outside of lines two feet outside of rails. The Southern Pacific Company shall bear maintenance cost of the crossing between such lines. Maintenance costs of the automatic crossing protection shall be borne by the applicant, pursuant to the provisions of Section 1202.2 of the Public Utilities Code.

Within thirty days after completion, pursuant to this order, applicant shall so advise the Commission in writing. This authorization shall expire if not exercised within one year unless time be extended or if above conditions are not complied with. Authorization may be revoked or modified if public convenience, necessity or safety so require.

The effective date of this order shall be twenty days after the date hereof.

Dated at San Francisco California, this 9th day of JANUARY, 1968.
