Application No. 50007  
(Filed February 9, 1968)

OPINION AND ORDER

By Decision No. 72221 dated March 28, 1967, Pozas Bros. Trucking Co., a corporation, was authorized, as a highway permit carrier, to assess specified hourly rates in lieu of the established minimum rates otherwise applicable for special expedited service of shipments having origin or destination within 10 miles of Sunnyvale. On commodities and between points which it serves as a highway common carrier, the hourly rates are published in its own tariff. For other commodities and between other points, the authority was granted to applicant as a highway permit carrier to apply on shipments transported for Westinghouse Electric Corporation. These authorities are scheduled to expire with April 30, 1968. By this petition and application, Pozas Bros. Trucking Co., hereinafter

called applicant, seeks to extend the current authorities for a further one-year period and to increase the rates for 1½-ton equipment from \$9.75 to \$10.50 per hour and for 3½-ton equipment from \$10.75 to \$11.50 per hour.

The proposed rates involved herein are hourly rates applicable to expedited service requiring special trips. Although differing in unit of measurement from the minimum rates otherwise applicable, which are stated in cents per 100 pounds, the hourly rates in general may be expected to produce charges greater than those which would result under the minimum rate tariff. The special rate authorities, heretofore granted to applicant and herein proposed to be continued, were and will be conditioned by the provision that in no event shall the charges determined thereunder be less than those determined on the basis of the applicable minimum rates provided in the currently effective minimum rate orders of the Commission.

Revenue and expense data submitted by applicant indicate that the transportation involved has been profitable and reasonably may be expected to be profitable during the ensuing year.

The certificate of service shows that a copy of the petition and application was mailed to California Trucking Association and O-N-C Motor Freight System, on February 9, 1968. The petition and application were listed on the Commission's Daily Calendar of February 13, 1968. No objection to the granting of the petition and application has been received.

In the circumstances, it appears, and the Commission finds, that the proposed rates are reasonable and justified by transportation conditions. A public hearing is not necessary. The Commission concludes that the petition and application should be granted.

In view of the impending expiration date of the current authorities, the order which follows will be made effective on the date hereof.

IT IS ORDERED that:

1. Pozas Bros. Trucking Co., a corporation, is hereby authorized to publish and file the rates and rules for Special Expedited Service set forth in Appendix A attached hereto and by this reference made a part hereof. The rates and charges authorized herein shall be published to expire with April 30, 1969.

2. Tariff publications authorized to be made as a result of the order herein shall be filed not earlier than the effective date of this order and may be made effective not earlier than five days after the effective date hereof on not less than five days' notice to the Commission and to the public.

3. Pozas Bros. Trucking Co., a corporation, is hereby authorized to depart from the long- and short-haul provisions of Section 460 of the Public Utilities Code to the extent necessary to exercise the authority granted herein.

4. Pozas Bros. Trucking Co., a corporation, is hereby authorized to transport property, as a highway permit carrier, for Westinghouse Electric Corporation in operations not covered by its highway common carrier certificate at the rates and subject to the rules set forth in Appendix B attached hereto and by this reference made a part hereof. The rates and charges authorized herein shall be in lieu of, but not less than, the minimum rates otherwise applicable.

5. The authority granted in Ordering Paragraph 4 above shall, on and after April 30, 1968, supersede the authority granted by Decision No. 72221 and shall expire with April 30, 1969.

This order shall become effective on the date hereof.

Dated at San Francisco, California, this 23rd day of April, 1968.

The seal of the State of California is visible in the background of the signatures, featuring the word 'EUREKA' at the top and '1846' at the bottom, with a central figure holding a grizzly bear.
