ORDER SETTING HEARING

The Transportation Division staff is preparing exhibits proposing adjustments of Distance Table 6 designed to reflect the increase in maximum legal speed for motor trucks or truck tractors to 55 miles per hour from the previous 50 miles per hour (Section 22406 in Vehicle Code, effective November 8, 1967) and to improve and update the distance table in other respects. It appears that hearings should be held for receipt of evidence concerning the adjustments that may be appropriate to reflect revised constructive mileages, the addition of new points and routes, the revision of maps and related matters.

Various minimum rate tariffs published by the Commission are governed by the provisions of the distance table. Therefore, the hearings will be held concurrently in the appropriate minimum rate investigation cases for the purpose of determining to what extent the minimum rate tariffs should be modified.

Good cause appearing,

IT IS ORDERED that hearings in these proceedings concerning the matters referred to above be held before Examiner Mallory on Monday, the 17th day of June, 1968, at 10:00 a.m. in the Commission's Courtroom, State Building, San Francisco, California, and on Thursday, the 20th day of June, 1968, at 10:00 a.m. in the Commission's Courtroom, State Office Building, 107 South Broadway, Los Angeles, California, at which times and places all interested parties may appear and be heard.

Dated at San Francisco, California, this 21st day of May, 1968.
