SUPPLEMENTAL OPINION AND ORDER

By Decision No. 74157, issued today in Case No. 5432,

2. Tariff publications required to be made by common carriers as a result of the order herein shall be filed not earlier than the effective date of this order and may be made effective not earlier than the fifth day after the effective date of this order on not less than five days' notice to the Commission and to the public and such tariff publications shall be made effective not later than June 29, 1968; and the tariff publications which are authorized but not required to be made by common carriers as a result of the order herein may be made effective not earlier than the fifth day after the effective date of this order, and may be made effective on not less than five days' notice to the Commission and to the public if filed not later than sixty days after the effective date of the minimum rate tariff page incorporated in this order.

3. Common carriers, in establishing and maintaining the amendments authorized hereinabove, are hereby authorized to depart from the provisions of Section 460 of the Public Utilities Code to the extent necessary to adjust long- and short-haul departures now maintained under outstanding authorizations; such outstanding authorizations are hereby modified to the extent necessary to comply with this order; and such schedules containing the amendments published under this authority shall make reference to the prior orders authorizing long- and short-haul departures and to this order.

4. In all other respects Decision No. 32504, as amended, shall remain in full force and effect.
