ORDER OF DISMISSAL

By his application, Herbert R. Wade requested a Class B certificate of public convenience and necessity authorizing operations as a charter-party carrier of passengers in Marin County.

During the course of hearing before Examiner Daly on May 29, 1968, at San Francisco, it became evident that applicant had intended to file for a permit pursuant to Section 5384 of the Public Utilities Code rather than a certificate. He therefore requested that the instant application be dismissed.
