ORDER DENYING MOTION

By this application, as amended, Railway Express Agency, Incorporated, requests a certificate of public convenience and necessity as a highway common carrier authorizing line haul transportation of express shipments between the offices of applicant located at Oakland, Vallejo, Martinez, Suisun, Sacramento, Grass Valley, Colfax and Truckee. The application also requested that in the event hearing is required applicant be granted interim authority pending final determination of the application.

Four days of public hearing have been held and two more days of public hearing are scheduled for July 2 and 3, 1968. Temporary authority has not been granted. At the conclusion of the fourth day of hearing (May 28, 1968) applicant made a motion renewing its request that it be granted a temporary certificate of

public convenience and necessity pending the final determination of the application.

The evidence presented to date does not establish that public convenience and necessity require the granting of the requested temporary certificate of public convenience and necessity.

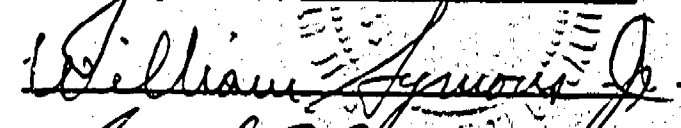

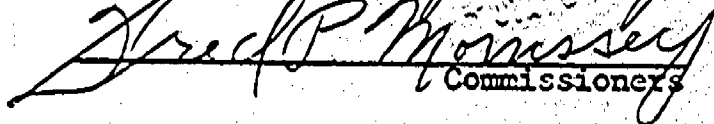

The Commission having considered said motion concludes that it should be denied.

O R D E R

IT IS ORDERED that the motion, requesting a temporary certificate of public convenience and necessity, pending final determination of this application is denied.

The effective date of this decision shall be the date hereof.

Dated at San Francisco, California, this 2nd day of JULY, 1968.
