Decision No. 74506

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Investigation into)
the rates, rules, regulations, charges,)
allowances and practices of all common)
carriers, highway carriers and city)
carriers relating to the transportation)
of sand, rock, gravel and related items)
(commodities for which rates are pro-)
vided in Minimum Rate Tariff Nos. 7 and)
17.)

Case No. 5437

SUPPLEMENTAL OPINION AND ORDER

Directory 1 sets forth descriptions of production areas, delivery zones and rules, which govern the minimum zone rates named in Minimum Rate Tariff 17 for the transportation of property in dump truck equipment by for-hire carriers within certain areas of southern California.

It has come to the Commission's attention that a portion of the areas embraced by Orange County Delivery Zones 30040 and 30041 as described in Directory 1 overlap.

It appears, and the Commission finds, that the overlap should be removed by amending Delivery Zone 30041. A public hearing is not necessary. The Commission concludes that Directory 1 should be amended accordingly.

IT IS ORDERED that:

1. Directory 1 (Appendix A of Decision No. 69469, as amended) is hereby further amended by incorporating therein to

become effective September 14, 1968, First Revised Page 159 and First Revised Page 160, attached hereto and by this reference made a part hereof.

2. In all other respects, Decision No. 69469, as amended, shall remain in full force and effect.

This order shall become effective twenty-four days after the date hereof.

Dated at San Francisco, California, this 6th day of August, 1968.
