SUPPLEMENTAL OPINION AND ORDER

Hecht Fast Freight, Inc. (Hecht), a corporation, holds a certificate of public convenience and necessity to operate as a highway common carrier for the transportation of specific commodities, including the transportation of used household goods and related commodities between San Diego and Los Angeles.¹ Hecht has also been issued permits by this Commission to operate as a highway contract and city carrier.

Under the provisions of Section 5112 of the Public Utilities Code, the only authority required from the Commission by a carrier to transport used household goods and related commodities is a household goods carrier permit, which type of authority Hecht does not possess. The Secretary of the Commission notified Hecht by letter of the aforementioned provisions and stated that, unless a reply was received from the carrier within a specified time, consideration would be given to amending Hecht's certificate by

deleting therefrom the transportation of used household goods and related commodities. To date no response has been received from the carrier.

In the circumstances, it appears, and the Commission finds, that amendment of the carrier's certificate to exclude therefrom the transportation of used household goods and related commodities would not be adverse to the public interest. The Commission concludes that the carrier's operative right should be amended accordingly.

IT IS ORDERED that:

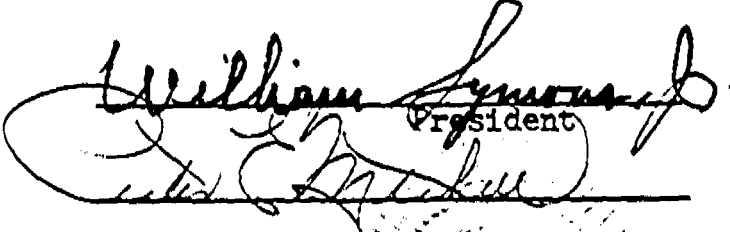

1. The certificate of public convenience and necessity acquired by Hecht Fast Freight, Inc., a corporation, by Decision No. 63371 dated March 6, 1962, in Application No. 43995, is hereby amended by incorporating in Appendix A of Decision No. 58409 Second Revised Page 1, attached hereto, in revision of First Revised Page 1.

2. Within one hundred twenty days after the effective date hereof, and on not less than ten days' notice to the Commission and to the public, Hecht Fast Freight, Inc., shall amend Item 5 of its Local Freight Tariff No. 1, Cal. P.U.C. No. 2, on file with the Commission to indicate that its operative right does not include the transportation of used household goods and personal effects, office, store and institution furniture and fixtures.

The Secretary is directed to cause service of a certified copy of this order to be made upon Hecht Fast Freight, Inc., or to mail a certified copy thereof to it at its last known address as shown in the Commission's records.

The effective date of this order shall be the thirtieth day after such service upon Hecht Fast Freight, Inc., or after the above-mentioned mailing to it.

Dated at San Francisco, California, this 27th day of August, 1968.
