BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of  
WINTON WATER COMPANY, INC., under  
Section 454 of the Public Utilities  
Code, for authority to increase rates  
for water service.

} Application No. 48757  
Filed September 2, 1966

SUPPLEMENTAL ORDER

Decision No. 72609, dated June 9, 1967, authorized applicant to file the schedules of temporary rates attached thereto as Appendix A and to make such temporary rates effective for service rendered on and after July 1, 1967, to and including June 30, 1968. The decision also provided that if the utility completed to the satisfaction of the Commission prior to July 1, 1968, the seven additions and betterments listed thereto in Appendix B, the Commission would by supplemental order authorize the utility to file on a permanent basis the increased temporary rates of Appendix A. Decisions Nos. 74309 and 74769 extended the time for compliance to October 1, 1968 and December 1, 1968, respectively.

By letter dated September 20, 1968, applicant advised the Commission that said improvements had been made. Field investigation by a staff engineer confirms that the required installations have been completed and are satisfactory; therefore,

A-48757
