Case No. 8860

ORDER DISCONTINUING
INVESTIGATION AND SUSPENSION

By the Commission's order dated November 12, 1968, in Case No. 8860, common carrier tariff filings listed in Appendix A of said order were suspended until March 24, 1969, unless otherwise ordered by the Commission, pending further investigation therein.

Decision No. 75085, issued today, broadens the prior authority to depart from the provisions of Section 460 of the Public Utilities Code granted common carriers by Decision No. 74749 of October 1, 1968 in Case No. 5432, et al, involving the common carrier tariff publications in issue in this proceeding. In view of the additional authority granted in said decision, the California Manufacturers Association and the California Trucking Association jointly agree that no formal action by the Commission is now necessary with respect to the rates currently under suspension, inasmuch as the complaints which gave rise to the Commission's investigation and suspension of rates have now been satisfied, and request that Case No. 8860 be terminated.

In the circumstances, the investigation and suspension in Case No. 8860 will be discontinued and the proceeding dismissed.

IT IS ORDERED that the investigation contemplated by Case No. 8860 is discontinued and said proceeding is dismissed.

The effective date of this order shall be one day after the date hereof.

Dated at San Francisco, California, this 16th day of DECEMBER, 1968.
