Case No. 5436
(Petition for Modification
No. 91)

SUPPLEMENTAL OPINION AND ORDER

By Decision No. 75797 dated June 17, 1969, in the above proceeding, the Commission granted increases in the minimum rates and charges named in Minimum Rate Tariff No. 6-A for the transportation of petroleum and petroleum products, in bulk, in tank truck equipment by for-hire highway carriers. Such revisions in the minimum rates are scheduled to become effective July 26, 1969.

Through inadvertence, the tariff pages incorporated in Decision No. 75797 do not fully reflect the authority granted by said decision.¹

In the circumstances, it appears, and the Commission finds, that the necessary corrections should be made by the order herein. A public hearing is not necessary. The Commission concludes that Minimum Rate Tariff No. 6-A should be amended accordingly.

¹ Certain wording in Note 3 of Item 170 of Minimum Rate Tariff No. 6-A was omitted and the word, "charged," as shown in Note 6 of Item 220 of the tariff should have been "changed."

IT IS ORDERED that:

1. Sixth Revised Page 17 of Appendix A attached to Decision No. 75797 is hereby amended by substituting a comma for the period at the end of the wording in Note 3 of Item 170 and adding thereto the following wording: "charges for pumping service shall be computed only on that portion of the shipment actually pumped off to storage."

2. Ninth Revised Page 20 of Appendix A attached to Decision No. 75797 is hereby amended by substituting the word, "changed," for the word, "charged," in Note 6 of Item 220.

3. In all other respects Decisions Nos. 67154, as amended, and 75797 shall remain in full force and effect.

The effective date of this order shall be the date hereof.

Dated at San Francisco, California, this 15th day of July, 1969.
