Application No. 45671

ORDER DENYING TIME EXTENSION

Applicant has requested an additional extension of time for authority to construct Esperanza Drive across the Sacramento Northern Railway track. Applicant is unable to give definite assurance as to when construction would begin. Authority was originally granted on December 17, 1963 and three requested time extensions have been granted since that date. It appears that further extension should not be granted as considerable time has transpired since evaluation of the proposal and that the authority should be allowed to lapse.

IT IS ORDERED that the request of the City of Concord for extension of time to exercise the authority granted in Decision No. 66490 is hereby denied.

Dated at San Francisco, California, this 29th day of JULY, 1969.
