Decision No. 76165

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Investigation on the Commission's own motion into the condition of the railroad tracks and walkways served by THE ATCHISON, TOPEKA AND SANTA FE RAILWAY COMPANY, owned by MOBIL OIL CORPORATION and used by GREAT LAKES CARBON CORPORATION at 3300 West 192nd Street, Torrance, California.

Case No. 8911
(Filed May 2, 1969)

ORDER DISCONTINUING INVESTIGATION

The investigation in this matter was instituted to determine if certain railroad tracks and walkways were unsafe. The respondents in this case entered into an agreement dated July 23, 1969, specifying the procedures required and to be followed to keep such tracks and walkways safe. It appears and we find that there is no need to continue this investigation and conclude the case should be dismissed.

IT IS ORDERED that the Commission investigation in Case No. 8911 is discontinued and said case is dismissed.

The effective date of this order shall be the date hereof.

Dated at San Francisco, California, this 10th day of SEPTEMBER, 1969.
