Case No. 5439
 Order Setting Hearing
 Decision No. 74992
 November 26, 1968

OPINION AND ORDER

By Decision No. 76408, entered today in Case No. 5439 (Order Setting Hearing Decision No. 74992 of November 26, 1968) et al., further disposition was made of the existing exception ratings and rules contained in Minimum Rate Tariff No. 9-B; thereby reflecting the recent adoption of National Motor Freight Classification A-10 to otherwise govern said tariff. The decision also provided that Minimum Rate Tariff No. 9-B should be amended by separate order to avoid duplication of tariff distribution.

IT IS ORDERED that:

1. Minimum Rate Tariff No. 9-B (Appendix A of Decision No. 67766, as amended) is further amended by incorporating therein, to become effective January 3, 1970, Fourth Revised Page 35, attached hereto and by this reference made a part hereof.
2. Common carriers subject to the Public Utilities Act, to the extent that they are subject also to Decision No. 67766, as amended, are hereby directed to establish in their tariffs the increases necessary to conform with the further adjustments ordered herein.

3. Common carriers maintaining rates on a level other than the minimum rates for transportation for which rates are prescribed in Minimum Rate Tariff No. 9-B are authorized to increase such rates by the same amounts authorized for Minimum Rate Tariff No. 9-B rates herein.

4. Common carriers maintaining rates on the same level as Minimum Rate Tariff No. 9-B rates for the transportation of commodities and/or for transportation not subject to Minimum Rate Tariff No. 9-B are authorized to increase said rates by the same amounts authorized for Minimum Rate Tariff No. 9-B rates herein.

5. Common carriers maintaining rates at levels other than the minimum rates for the transportation of commodities and/or for transportation not subject to Minimum Rate Tariff No. 9-B are authorized to increase said rates by the same amounts authorized for Minimum Rate Tariff No. 9-B rates herein.

6. Tariff publications resulting in increases required or authorized to be made by common carriers as a result of the order herein shall be filed not earlier than the effective date of this order and may be made effective not earlier than the twentieth day after the effective date of this order, on not less than twenty days' notice to the Commission and to the public; such tariff publications as are required shall be made effective not later than January 3, 1970; as to increases which are authorized but not required, the authority herein granted shall expire unless exercised within sixty days after the effective date of this order; and tariff publications resulting in reductions may be made effective not earlier than the twentieth day after the effective date of this order, and may be made effective on not less than twenty days' notice to the Commission

and to the public if filed not later than sixty days after the effective date of the minimum rate tariff page incorporated in this order.

7. Common carriers, in establishing and maintaining the rates authorized hereinabove, are hereby authorized to depart from the provisions of Section 460 of the Public Utilities Code to the extent necessary to adjust long- and short-haul departures now maintained under outstanding authorizations; such outstanding authorizations are hereby modified only to the extent necessary to comply with this order; and schedules containing the rates published under this authority shall make reference to the prior orders authorizing long- and short-haul departures and to this order.

8. In all other respects said Decision No. 67766, as amended, shall remain in full force and effect.

The effective date of this order shall be twenty days after the date hereof.

Dated at San Francisco, California, this 12th day of NOVEMBER, 1969.
