Application No. 51324
(Filed August 15, 1969;
Amended September 19, 1969)

O P I N I O N

Irving S. Culver and Grace LaRue, as Executors of the Estate of Charles L. Tilden, Jr., and Irving Culver, doing business as Gibraltar Warehouses, request authority to extend service as a highway common carrier between San Francisco, on the one hand, and Fremont, on the other hand.

Applicants are presently engaged as a public utility warehouseman in the City and County of San Francisco and operate as a highway common carrier in the transportation of general commodities between San Francisco, on the one hand, and points on U.S. Highway 101 between Daly City and San Jose, on the other hand, and between San Francisco, on the one hand, and Oakland, Emeryville, Berkeley, Alameda, San Leandro, Richmond, Albany, Union City and El Cerrito, on the other hand.

It is alleged that applicants' transportation service is primarily engaged in accommodating warehouse customers who distribute their goods from San Francisco; recently a number of

their warehouse accounts have developed a need for a transportation service between San Francisco and Fremont; and the proposed extension is necessary if applicants are to provide their customers with a complete service.

A protest filed on behalf of various carriers serving between the proposed points was withdrawn upon applicants' determination not to seek corresponding interstate authority.

After consideration the Commission finds that public convenience and necessity require the granting of the application. A public hearing is not necessary.

O R D E R

IT IS ORDERED that:

1. Appendix A of Decision No. 71806 is hereby amended by incorporating therein First Revised Page 1 attached hereto and by reference made a part hereof in place of Original Page 1.

2. Within sixty days after the effective date hereof and on not less than five days' notice to the Commission and to the public, applicants shall amend their tariffs presently on file with the Commission to reflect the authority herein granted.

The effective date of this order shall be twenty days after the date hereof.

Dated at San Francisco, California, this 23rd day of DECEMBER, 1969.
