Decision No. 76804

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application
of COAST DRAYAGE, a corporation,
for an order amending its certifi-
cate of public convenience and
necessity authorizing highway
common carrier service to except
therefrom transportation of sodium
hydroxide solution and dry laundry
bleach.

Application No. 51560
(Filed December 17, 1969)

O P I N I O N

Coast Drayage requests that its certificated authority as a highway common carrier be amended by excluding therefrom authority to transport sodium hydroxide solution and dry laundry bleach.

At the present time applicant is serving The Clorox Company as a permitted carrier on shipments of sodium hypochlorite solution originating at Oakland. Recently The Clorox Company has added sodium hydroxide solution and laundry bleach, dry, to its product line and desires to consolidate and distribute the new products with shipments of sodium hypochlorite solution.

Because of the volume and specialization of the operation special rates for the transportation of sodium hypochlorite solution were authorized by Decision No. 75703 in Application No. 50982. If the authority herein requested is granted it is the intention of applicant to request authority to apply the rate deviation to the new products.

After consideration the Commission finds that the proposed exclusion would not be adverse to the public interest. A public hearing is not necessary.

O R D E R

IT IS ORDERED that:

1. Appendix A of Decision No. 59504 is amended by incorporating therein Third Revised Page 2 attached hereto in revision of Second Revised Page 2.

2. Appendix A of Decision No. 60029 is amended by incorporating therein Third Revised Page 1 attached hereto in revision of Second Revised Page 1.

3. Appendix A of Decision No. 60935 is amended by incorporating therein Second Revised Page 3 attached hereto in revision of First Revised Page 3.

4. Within one hundred and twenty days after the effective date hereof and on not less than ten days' notice to the Commission and to the public, applicant shall amend its tariffs presently on file with the Commission to reflect the authority herein granted.

The effective date of this order shall be twenty days after the date hereof.

Dated at San Francisco, California, this 17th day of FEBRUARY, 1970.

- g. Articles of extraordinary or unusual value.
- h. Fruits, fresh (not cold pack or frozen) or vegetables, fresh or green (not cold pack or frozen), as listed under that heading in Items Nos. 41815 through 42220 of Western Classification No. 77 of J. P. Hackler, Tariff Publishing Officer, on the issue date thereof.
- i. Sodium hypochlorite solution, and sodium hydroxide solution and laundry bleach (dry) when transported in mixed shipments with sodium hypochlorite solution, that originate at Oakland, California, and empty pallets returning to Oakland which was the origin of the outbound palletized shipment of said commodity or commodities. This exclusion does not apply when sodium hypochlorite solution is transported in mixed shipments with commodities authorized to be transported under this authority, except as provided herein, or when interlined with a water, rail or motor carrier for further transportation.

EXCEPTION: The authority herein granted does not authorize transportation to or from the City and County of San Francisco.
