

Decision No. 76917

ORIGINAL

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Investigation into)
the rates, rules, regulations, charges,)
allowances and practices of all common)
carriers, highway carriers and city)
carriers relating to the transportation)
of sand, rock, gravel and related items)
(commodities for which rates are)
provided in Minimum Rate Tariff 17).

Case No. 5437
Petition for Modification
No. 190
(Filed September 26, 1969)

OPINION AND ORDER

Southern California Rock Products Association, petitioner, is a non-profit corporation whose members are engaged in the production and sale of rock, sand and gravel in southern California. By this petition it seeks the establishment of zone rates in Minimum Rate Tariff 17 for the transportation of rock, sand and gravel and related items from the production areas noted in the margin below to Los Angeles County Delivery Zones 19397, 19398 and 19399, located in the vicinity of Diamond Bar.^{1/}

In June, 1969, zone rates were prescribed in Minimum Rate Tariff 17 for the transportation of slag from San Bernardino County Production Area 36-Q to said Los Angeles County delivery zones (Decision No. 75848, dated June 24, 1969, in Case No. 5437).

^{1/} San Bernardino County Production Areas 36-E, 36-H, 36-L, and 36-M; Riverside County Production Areas 33-F, 33-G and 33-O; Los Angeles County Production Areas 19-A, 19-B, 19-E, 19-F, 19-G, 19-L and 19-M; Orange County Production Areas 30-A, 30-D, 30-F, 30-G, 30-L and 30-M.

Petitioner alleges that such action created a discriminatory situation which has adversely affected, and will continue to affect, the interests of its members who ship their products to said zones.

Prior to June 24, 1969, the transportation of slag from San Bernardino County Production Area 36-Q to the areas which now comprise Los Angeles County Delivery Zones 19397, 19398 and 19399 was subject to the distance rates in Minimum Rate Tariff No. 7. The zone rates for slag which were established by Decision No. 75848 are generally lower than the distance rates for the corresponding distances.

Zone rates presently apply under the provisions of Minimum Rate Tariff 17 for the transportation of rock, sand and gravel from various production areas (including those identified in Footnote 1, above) to delivery zones in Los Angeles, Orange, Riverside and San Bernardino Counties. What petitioner is here seeking is the extension of said system of rates so as to apply also to deliveries of rock, sand and gravel to Los Angeles County Delivery Zones 19397, 19398 and 19399.

The petition shows that on September 25, 1969, copies thereof were mailed to parties believed to be interested. On September 30, 1969, it was listed on the Commission's Daily Calendar. The California Dump Truck Owners Association, the California Trucking Association, and the Associated Owner Operators, Inc., have stated that they are not opposed to the granting of the petition. No objection to the granting of the petition has been received from other parties.

An exhibit was prepared by the Transportation Division of the Commission's staff to show the zone rates that would be established if this petition is granted.^{2/} This exhibit will be identified as Ex Parte Exhibit No. 1, and will be made a part of the record in this matter.

It is clear that the establishment of the zone rates which are sought by petitioner would provide rates for the transportation of rock, sand and gravel to Delivery Zones 19397, 19398 and 19399 which are the same, in kind and character, as the zone rates in Minimum Rate Tariff 17 for the transportation of rock, sand and gravel to neighboring zones and other zones in and about the Los Angeles Basin. In the circumstances the Commission finds that said rates to Delivery Zones 19397, 19398 and 19399 are, and will be, just, reasonable and nondiscriminatory minimum rates for the transportation to which they would apply. Said rates will be established. The petition should be granted. A public hearing thereon is not necessary.

No action will be taken on a suggestion of petitioner that the Commission undertake a study of further zoning needs of the general area in which Delivery Zones 19397, 19398 and 19399 are located. If petitioner wishes to pursue this aspect of its proposals further, it should do so by the filing of an appropriate pleading and the submission of supporting data.

² The exhibit also sets forth the basic data which were used in the development of the rates.

IT IS ORDERED that:

1. Minimum Rate Tariff 17 (Appendix B of Decision No. 69469, as amended) is hereby further amended by incorporating therein, to become effective April 18, 1970, the revised pages attached hereto and listed in Appendix A, also attached hereto, which pages and appendix are made a part hereof by this reference.

2. In all other respects, said Decision No. 69469, as amended, shall remain in full force and effect.

The effective date of this order shall be twenty-four days after the date hereof.

Dated at San Francisco, California,
this 10th day of MARCH, 1970.
