Decision No. 76926

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE, OF CALIFORNIA

In the Matter of the Suspension and Investigation on the Commission's own motion of tariffs covering the furnishing of Wide Spectrum Services for Use in Community Antenna Television Systems by California Water & Telephone Company.

Case No. 8635

SIXTH AMENDMENT TO ORDER OF SUSPENSION AND INVESTIGATION

On May 23, 1967, the Commission issued an Order of Suspension and Investigation in Case No. 8635, suspending to and including September 23, 1967, the effective date of tariff sheets filed under California Water & Telephone Company Advice Letter No. 486; and on September 19, 1967, the Commission issued an order Extending Period of Suspension to and including March 23, 1968; and on February 19, 1968, General Telephone Company of California on behalf of its predecessor, California Water & Telephone Company, filed a substitute for Advice Letter No. 486, under Advice Letter No. 1954 to permit continuation of the investigation beyond the normal statutory limit. On March 19, 1968, the Commission issued a First Amendment to Order of Suspension and Investigation, which suspended Advice Letter No. 1954 until July 18, 1968, and on July 2, 1968, the Commission issued a Second Amendment to Order of Suspension and Investigation which extended until January 18, 1969, the suspension of the new or revised rates, classifications, practices or rules filed under Advice Letter No. 1954. On December 23, 1968, General Telephone Company of California filed

a substitute for Advice Letter No. 1954, under Advice Letter No. 2122, to permit continuation of the investigation beyond the normal statutory limit. On January 7, 1969, the Commission issued a Third Amendment to Order of Suspension and Investigation which permanently suspended Advice Letter No. 1954 and suspended Advice Letter No. 2122 and associated tariff sheets until May 22, 1969, and on May 2, 1969, the Commission issued a Fourth Amendment to Order of Suspension and Investigation, which suspended Advice Letter No. 2122 until November 22, 1969. On October 16, 1969, General Telephone Company of California filed a substitute for Advice Letter No. 2122, under Advice Letter No. 2245, to permit continuation of the investigation beyond the normal statutory limit, and to suggest that Advice Letter No. 2122 be permanently suspended. On November 12, 1969, the Commission issued a Fifth Amendment to Order of Suspension and Investigation which permanently suspended Advice Letter No. 2122 and suspended the rates, rules and conditions filed under Advice Letter No. 2245 until March 15, 1970. It now appears that a decision cannot be rendered by said date of March 15, 1970.

The Commission finds that the period of suspension should be extended; therefore,

IT IS ORDERED that:

1. The operation and effectiveness of the rates, rules and special conditions in the tariff sheets filed under respondent's Advice Letter No. 2245 are hereby suspended, as provided by statute, for an additional six months to and including September 15, 1970.

C-8635 /ra

2. The original Order of Investigation under Case No. 8635, dated May 23, 1967, shall remain in effect as to matters considered under Advice Letter No. 2245 to the same extent as under Advice Letter No. 486.

The Secretary of the Commission is directed to cause a certified copy of this order to be served forthwith upon General Telephone Company of California, and to send a copy to the California Community Television Association.

The effective date of this order shall be the date hereof.

Dated at San Francisco, California, this
10th day of MARCH, 1970.
