Case No. 9040

v.

THE PACIFIC GAS AND ELECTRIC
 COMPANY.

MODIFICATION OF TEMPORARY RESTRAINING ORDER - DECISION NO. 77136

By Decision No. 77136 issued in the above-entitled case on April 21, 1970, Pacific Gas and Electric Company was restrained from proceeding with right-of-way acquisition for and construction of a portion of its 230 kv line between its Pittsburg power plant and Sobrante substation for a period of twenty-one days. May 12, 1970, being the twenty-first day, said restraint would thereupon cease unless further extended.

The parties hereto have voluntarily entered into a stipulation by which the defendant would pursue its acquisition of rights-of-way but would undertake no construction of the portion of the line in dispute for a further period of time. Good cause appears, therefore, for modification of the aforesaid restraining order. Accordingly,

IT IS ORDERED that the restraint set forth in Decision No. 77136, heretofore issued in this matter on April 21, 1970, is hereby modified to read as follows:

"Pacific Gas and Electric Company shall refrain from any construction of its 230 kv line through Hidden Valley Park until June 5, 1970."

IT IS FURTHER ORDERED that this order shall be effective on the date of its issuance.

The Secretary is directed to make service of this order upon defendant forthwith.

Dated at San Francisco, California, this 15th day of MAY, 1970.
