Decision No. 77505

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the matter of the investigation into the rates, rules, regulations, charges, allowances and practices of all highway carriers relating to the transportation of any and all commodities between and within all points and places in the State of California (including, but not limited to, transportation for which rates are provided in Minimum Rate Tariff No. 15).

Case No. 7733  
 Petitions for Modification  
 Nos. 23 and 25

SUPPLEMENTAL OPINION AND ORDER

Decision No. 77443 in these proceedings authorized increases in the vehicle unit rates in Minimum Rate Tariff No. 15, to become effective September 1, 1970. Ordering paragraph 3 of said decision authorized common carriers to establish the increased rates on or after August 3, 1970.

California Trucking Association, in its Petition for Modification of Decision No. 77443, filed July 2, 1970, requests modification of ordering paragraph 3 thereof in order that common carriers may be authorized to establish the revised rates on August 1, 1970. Said petition states that both shippers and carriers desire that revisions in vehicle unit rates shall become effective on the first day of a calendar month, and that carriers are in urgent need of the additional revenues accruing from the increased vehicle unit rates.
