Case No. 9165

ORDER DENYING REHEARING
AND RECONSIDERATION

A petition for reconsideration of Decision No. 78160 has been filed by Cablecom General of Northern California, Inc. and the Commission having considered each and every allegation therein is of the opinion that good cause for rehearing or reconsideration has not been made to appear.

In view of the fact that the consolidated cases have been set for hearing commencing on March 3, 1971 and that the legal issue of whether or not pole attachment service is a public utility

service is common to both proceedings, the presiding officer will be directed to proceed first to hear evidence on that issue with the aim of resolving the question as expeditiously as possible, therefore,

IT IS ORDERED that rehearing and reconsideration of Decision No. 78160 is hereby denied.

IT IS FURTHER ORDERED that the presiding officer proceed first to hear evidence on the issue of whether pole attachment service is a public utility service.

Dated at San Francisco, California, this 2nd day of FEBRUARY, 1971
