Application No. 52050

SUPPLEMENTAL OPINION AND ORDER

By Decision No. 78335 dated February 22, 1971, in the above proceeding, the Commission granted a certificate of public convenience and necessity authorizing operations as a cement carrier to Peters Trucking Service, Inc. It has been brought to our attention that Appendix A of said decision did not contain a restriction necessitated by an existing carrier-shipper relationship.

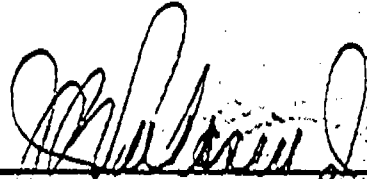

In the circumstances, it appears, and the Commission finds, that the necessary restriction should be made by the order herein. A public hearing is not necessary. The Commission concludes that Decision No. 78335, supra, should be amended accordingly.

IT IS ORDERED that Appendix A of Decision No. 78335 is hereby amended by substituting First Revised Page 1 attached hereto and by reference made a part hereof in place of Original Page 1.

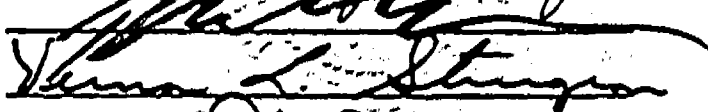

The Secretary is directed to mail a certified copy of this order to Peters Trucking Service, Inc. at its last known address as shown in the Commission's records.

The effective date of this order shall be twenty days after the date hereof, unless on or before that date Peters Trucking Service, Inc., shall request in writing that a hearing be held, in which event the order shall be held in abeyance and the matter set for hearing.

Dated at San Francisco, California, this 24th day of August, 1971.

Chairman

Commissioners

Peters Trucking Service, Inc., a corporation, by the certificate of public convenience and necessity granted by the decision noted in the margin, is authorized to conduct operations as a cement carrier as defined in Section 214.1 of the Public Utilities Code from any and all points of origin to any and all points within the counties of Colusa, Nevada, Placer, Sacramento, San Francisco, San Mateo, Santa Clara and Sutter, subject to the following restrictions:

1. 2. This certificate of public convenience and necessity shall lapse and terminate if not exercised for a period of one year.
