(Filed September 19, 1968)

The Pacific Telephone and Telegraph Company has petitioned, by letter filed October 8, 1971, for an extension of time to December 11, 1971, in the time limit imposed in ordering paragraph 3 of Decision No. 75880. Pacific states that additional time is required by the company to compile and analyze the data and complete an accurate results of operation study. It appearing to the Commission that this extension of time should be granted, therefore,

IT IS ORDERED that ordering paragraph 3 of Decision No. 75880 is amended to read as follows:

The study shall also show the additional plant investment attributable to EAS and the amount of investment in toll plant released because of conversion to EAS, as a total and as separated to

the six exchanges. In preparing this study, Pacific shall use, to the maximum extent possible, actual amounts of plant, revenues and expenses and where actual amounts are not available shall show in detail the basis used to determine the amounts utilized in the study. Costs of plant for service improvements not directly attributable to the EAS plan ordered hereinabove may be shown, if desired by Pacific, but shall be excluded from the amounts set forth in the results of operations study herein ordered."
