Decision No. 79533

ORIGINAL

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

MARINE ENGINEERS BENEFICIAL  
ASSOCIATION,

Plaintiff,

vs.

PACIFIC GAS AND ELECTRIC COMPANY,

Defendant.

Case No. 9284

ORDER DENYING TEMPORARY RESTRAINING ORDER

Complainant filed a verified complaint in the above-entitled matter and a request "for a temporary restraining order directing that the Pacific Gas and Electric [sic] Company cease and desist from the construction of the said proposed 230 KV substation.". The complaint does not allege sufficient cause for the issuance of such an order in that there is no statement of immediate or irreparable injury. Therefore the request for a temporary restraining order must be denied.

Complainant further requests an order requiring defendant "...to produce for inspection and copying all technical data, cost estimates, plans, and other writings not privileged relating to the said proposed project.". This is a matter more properly addressed to a Presiding Examiner. Therefore, we shall deny this request, without prejudice to its being resubmitted to a Presiding Examiner at such time as a hearing may be ordered.

ORDER

1. Complainant's request for a temporary restraining order is denied.

2. Complainant's request for an order of inspection and copying is denied without prejudice to its being renewed at a later date.

The effective date of this order is the date hereof.

Dated at San Francisco, California, this 4th day of JANUARY, 1972.
