In the Matter of the Application of
SAN DIEGO GAS & ELECTRIC COMPANY for
a certificate that the present and
future public convenience and neces-
sity require or will require the
construction and operation by appli-
cant of the No. 1 230-kv transmission
line from San Onofre Generating
Station and interconnection with
Southern California Edison Company
System to Escondido Substation to
Mission Substation.

Application No. 52735
(Filed July 8, 1971)

ORDER DENYING PETITION

These proceedings were submitted on April 28, 1972, subject to the filings of briefs. On July 17, 1972, the staff petitioned the Commission to set aside submission and reopen the proceedings for the taking of additional evidence on a new alternate route through the Fallbrook, California, area. The Commission has considered the allegations set forth in the petition and good cause not having been

shown to grant such petition; therefore IT IS ORDERED that the petition is denied.

The effective date of this order shall be the date hereof.

Dated at San Francisco, California, this 31st
day of AUGUST, 1972.
