

Decision No. 80494

ORIGINAL

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of

SAN DIEGO GAS & ELECTRIC COMPANY for authority, among other things, (a) to offset increased fuel oil costs; (b) to increase its rates and charges for electric service; (c) to include in its tariffs a Fuel Adjustment Clause; and (d) to add, modify or withdraw certain tariff schedules.

Application No. 52800

In the Matter of the Application of

SAN DIEGO GAS & ELECTRIC COMPANY for authority, among other things, (a) to increase its rates and charges for gas service; (b) to include in its tariffs a Purchased Gas Adjustment Clause or an expanded Advice Letter procedure for reflecting in its rates effects of changes in purchased gas costs; and (c) to modify certain of its tariff schedules.

Application No. 52801

In the Matter of the Application of

SAN DIEGO GAS & ELECTRIC COMPANY for authority, among other things, (a) to increase its rates and charges for steam service; (b) to include in its tariffs a Fuel Adjustment Clause; and (c) to modify certain of its tariff schedules.

Application No. 52802

SUPPLEMENTAL ORDER

Following the issuance of Decision No. 80432 under the above-entitled applications and Decision No. 80430 in the matter of Southern California Gas Company (SoCal) Application No. 52696, both dated August 29, 1972, it has been determined that the effective date upon which the revised rate schedules shall become effective are different between the two decisions. Inasmuch as San Diego Gas & Electric Company (San Diego) purchases its gas supplies from SoCal, it would be inappropriate for the SoCal rates to become effective prior to those which San Diego would be permitted to charge. The ordering paragraph in this decision will modify the effective date contained in Ordering Paragraph 1 of Decision No. 80432.

It has also been determined that there are typographical errors appearing in Appendix A (Electricity), and Appendix B (Gas) in Decision No. 80432 and particularly on pages (Electric 1, 5, 8, 11, 12, 15, 16), (Gas 6, 9, 11). The modified sheets for Appendices A and B as they appear in this order will supersede those contained in Decision No. 80432. Also page 22 under Commission Adopted, Depreciated Rate Base, the figure should be changed from \$424,052.4 to \$424,952.4 and the Rate of Return from 4.70 percent to 4.69 percent.

Therefore, IT IS ORDERED that:

1. San Diego Gas & Electric Company is authorized to file with this Commission, on or after September 18, 1972, revised tariff schedules with changes in rates, charges and conditions as set forth in Appendix A (Electricity), Appendix B (Gas), and Appendix C (Steam) attached to Decision No. 80432 or as modified in Appendices A and B attached hereto. The effective date of all of the revised rate schedules in Decision No. 80432 or herein shall be four days after the date of filing. The revised rate schedules shall apply only to service rendered on or after the effective date thereof.

2. In all other respects, Decision No. 80432 shall stand as issued.

The effective date of this order is the date hereof.

Dated at San Francisco, California, this 19/12
day of SEPTEMBER, 1972.
