authority to increase its rates
and charges for telephone service.

Application No. 51904

Investigation on the Commission's
own motion into the rates, tolls,
rules, charges, operations, separa-
tions, practices, contracts, service
and facilities of General Telephone
Company of California.

Case No. 9100

ORDER DENYING MOTION

The City of Long Beach has filed a motion that the Commission order immediate refund of the rate increase attributable to Decision No. 79367 in Application No. 51904 and Case No. 9100, and immediately set the rehearing of said decision.

The Commission, having considered each and every allegation contained in the motion, finds that good cause has not been made to appear for ordering refunds prior to the rehearing of Decision No. 79367. A rehearing of Decision No. 79367 has been set for October 17, 1972, and, pursuant to Decision No. 79431, is limited to the issue of the appropriate allowance for tax depreciation to be adopted for rate-making purposes.

IT IS ORDERED that the motion of the City of Long Beach, except to the extent that the motion is compatible with the imminent limited rehearing of Decision No. 79367, is denied.

The effective date of this order is the date hereof.

Dated at San Francisco, California, this 16th day of SEPTEMBER, 1972.
