Application No. 50657
(Petition for Modification
Filed December 15, 1971)

SUPPLEMENTAL ORDER

The Order, in Decision No. 75052, dated December 10, 1968, authorized the State of California Department of Public Works to construct East Center Street at grade across the tracks of the Yreka Western Railroad Company in the City of Yreka, County of Siskiyou, to be identified as Crossing No. 47-7.4.

The applicant, by Petition for Modification filed with the Commission, on December 15, 1971, requested authority to eliminate the two train actuated floodlights required by Decision No. 75052, stating that the existing floodlights on the adjacent railroad station building were adequate for the purpose.

The Commission staff, after investigation, recommended the installation of normal street lighting.

The State of California Department of Public Works and the Yreka Western Railroad have agreed to the staff recommendation. A copy of the agreement between the parties was forwarded to the Commission by letter dated October 11, 1972.

IT IS ORDERED that the last sentence of the second paragraph in Decision No. 75052 which reads as follows:

"Protection shall be by two Standard No. 1 crossing signs (General Order No. 75-B) reflectorized with reflex-reflective sheet material and two-train actuated floodlights."
shall be modified to read as follows:

Protection shall be by two Standard No. 1 crossing signs (General Order No. 75-B) reflectorized with reflex-reflective sheet material.

A. 50657 TLR

In all other respects Decision No. 75052 shall remain in full force and effect. The effective date of this order shall be the date hereof.

Dated at San Francisco, California, this 31st day of OCTOBER, 1972.
