SUPPLEMENTAL OPINION AND ORDER

It has come to the Commission's attention that a provision authorized by Decision No. 80314 in the above proceedings was inadvertently omitted from the governing tariff item involved.¹

In the circumstances, the Commission finds that the necessary correction should be made by the order herein. A public hearing is not necessary. The Commission concludes that Minimum Rate Tariff 2 should be amended accordingly.

IT IS ORDERED that:

1. Minimum Rate Tariff 2 (Appendix D to Decision No. 31606, as amended) is further amended by incorporating therein, to

¹ Paragraph 3(d) of Item 293 of Minimum Rate Tariff 2 should have included the following sentence: "A job site means a point at which the shipment was, or is to be, used in the construction of a facility."

2. Common carriers subject to the Public Utilities Act, to the extent that they are subject also to Decision No. 31606, as amended, are hereby authorized to establish in their tariffs the amendment necessary to conform with the further adjustment ordered herein.

3. Tariff publications required to be made by common carriers as a result of the order herein shall be filed not earlier than the effective date of this order and may be made effective not earlier than the tenth day after the effective date of this order on not less than ten days' notice to the Commission and to the public and such tariff publications shall be made effective not later than January 20, 1973; tariff publications which are authorized but not required to be made by common carriers as a result of the order herein may be made effective not earlier than the tenth day after the effective date of this order, and may be made effective on not less than ten days' notice to the Commission and to the public if filed not later than sixty days after the effective date of the minimum rate tariff page incorporated in this order.

4. Common carriers, in establishing and maintaining the provision authorized hereinabove, are hereby authorized to depart from the provisions of Section 460 of the Public Utilities Code to the extent necessary to adjust long-and short-haul departures now maintained under outstanding authorizations; such outstanding authorizations are hereby modified only to the extent necessary to comply with this order; and schedules

containing the provision published under this authority shall make reference to the prior orders authorizing long-and short-haul departures and to this order.

5. In all other respects, Decision No. 31606, as amended, shall remain in full force and effect.

This order shall become effective twenty days after the date hereof.
