Decision No. 81088

ORIGINAL

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application)
of BULK TRANSPORTATION, a corporation,)
to perform transportation services)
for Kaiser Steel Corporation in the)
movement of flue dust from Kaiser)
Mill to Cushenbury at less than min-)
imum rates.)

Application No. 53567

ORDER EXTENDING TIME

By Decision No. 80602 dated October 11, 1972 in Application No. 53567, Bulk Transportation was granted interim authority, pending public hearing, to charge less than the otherwise governing minimum rates for the transportation of flue dust from Fontana to Cushenbury. The interim authority is scheduled to expire as of April 11, 1973.

Applicant advises that, due to technical difficulties, transportation under the temporary authority was delayed until January 22, 1973. Applicant now requests that its interim authority be extended pending public hearing of its application and issuance of the Commission's further order relative thereto.

It is apparent that Application No. 53567 cannot now be set for public hearing so as to afford the Commission sufficient time to consider the matter and issue its further order thereon prior to the April 4, 1973 expiration date of Decision No. 80602. The temporary authority granted by this decision should, therefore, be extended to August 26, 1973.

IT IS ORDERED that the time limit within which Bulk Transportation may exercise the temporary authority granted by Decision No. 80602 is hereby extended to August 26, 1973.

In all other respects, Decision No. 80602 shall remain in full force and effect.

The effective date of this order is the date hereof.

Dated at San Francisco, California, this 23rd
day of FEBRUARY, 1973.
