After hearing before Examiner Gillanders the Commission issued Decision No. 79353 dated November 22, 1971 which included the following second interim order:

"IT IS ORDERED that:

"1. After the effective date of this order Aztec Water Company is authorized to file the revised rate schedules attached to this order as Appendix A, and concurrently to withdraw and cancel presently effective Schedules Nos. 1, 5A, and 9AFL. Such filing shall comply with General Order No. 96-A. The effective date of the revised schedules shall be four days after the date of filing. The revised schedules shall apply only to service rendered on and after the effective date thereof.

"2. After the effective date of this order Golconda Utilities Company is authorized to file the revised rate schedules attached to this order as Appendix B, and concurrently to withdraw and cancel presently effective Schedules Nos. HI-1, KE-1, and KE-2. Such filing shall comply with General Order No. 96-A. The effective date of the revised schedules shall be four days after the date of filing. The revised schedules shall apply only to service rendered on and after the effective date thereof.

"3. Aztec Water Company shall arrange for its telephone number to be listed in the appropriate telephone directories covering its service areas and shall within twenty days of the effective date of this order submit proof that its telephone number is properly listed.

"7. Southern California Edison Company shall report to this Commission whether or not it has collected or has made arrangements to collect from Aztec and Golconda the sums legally owing to it for electric service."

The purpose of the interim order was to assure that the people served by the water utilities continued to receive adequate service; that the water utilities received the revenue to which they were found to be entitled; and that Edison received its lawful charge for electric service.
