Decision No. 81334

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Application of DAVID W. PEIXOTO
for order reinstating Dump Truck
and Common Carrier Permits.

Application No. 53927
(Filed March 27, 1973)

OPINION AND ORDER

Applicant David W. Peixoto's dump truck and radial highway common carrier permits were revoked on October 10, 1972 by Resolution No. 16970 dated August 29, 1972 for failure to respond to a Commission information request and to remit the fine of \$25 imposed for such failure.

By this application he seeks reinstatement of his permitted operating authorities and alleges that because of mail theft he did not receive any of the letters from the Commission regarding this matter.

In view of the possibility that applicant may not have received the mail in question and because of the limited delinquency history of this carrier the Transportation Division recommends reinstatement by ex parte order.

After consideration the Commission finds that applicant may not have received his mail from the Commission and concludes that his permitted operating authorities should be reinstated.

A. 53927 ek

The effective date of this order is the date hereof.

Dated at San Francisco, California, this 1st day of MAY, 1973.
