SUPPLEMENTAL ORDER

The California Department of Public Works filed on February 21, 1973 a Petition for Modification of Decision 81030 issued on February 6, 1973 in this proceeding.

Petitioner states that due to inadvertence it failed to request in its application an impaired overhead clearance during construction of 21' 0". The railroad has indicated it has no objection to petitioner's request.

IT IS ORDERED that the following three paragraphs be substituted for Paragraph 1 on Page 2 of Decision 81030:

"Clearances shall be in accordance with General Order 26-D, except that during the period of construction a clearance of not less than 21' 0" above top of rail is authorized and Southern Pacific Transportation Company is authorized to operate with such reduced overhead clearances provided instructions are issued by the railroad and filed with the Commission forbidding employees to ride on tops of cars.

"The applicant shall notify the Commission and the railroad at least fifteen but not more than thirty days in advance of the date when the temporarily impaired clearances will be created.

"Walkway areas adjacent to the railroad tracks shall be maintained free of obstructions and shall promptly be restored to their original condition in the event of damage during construction."

In all other respects Decision 81030 shall remain in full force and effect.

The effective date of this order shall be the date hereof.
