ORIGINAL

Decision No. 81542

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the matter of the Application of
SAN DIEGO GAS & ELECTRIC COMPANY for a
Certificate that Present and Future
Public Convenience and Necessity
require or will require the construction
and operation by Applicant of three
new gas turbine electric generating
peaking units to be known as GT-2, GT-3,
and GT-4, at its South Bay Power Plant
Site, together with other appurtenances
to be used in connection with said units.

Application No. 53656
(Filed October 20, 1972)

ORDER REOPENING PROCEEDING
FOR FURTHER HEARING

This matter was submitted on June 4, 1973 subject to reopening for further hearing if necessary to put additional material in evidence to evaluate the environmental impact of the proposed construction and/or for further staff testimony.

Additional material has been received warranting the reopening of this proceeding.

Therefore, IT IS ORDERED that Application No. 53656 is reopened for further hearing on the environmental impact of the proposed construction and any other matters relating to this proceeding.

A.53656 bj/lmm *

This further hearing shall be held before Examiner Levander on July 30, 1973 at 10:00 a.m. in Room 109 at the State Building, 1350 Front Street, San Diego, California.

The effective date of this order is the date hereof.

Dated at Los Angeles, California, this 26th day of JUNE, 1973.

Vernon L. Sturgeon
