Application No. 54028
 (Filed May 10, 1973)

O P I N I O N

Applicant transports passengers and baggage between the San Fernando Valley, city of Los Angeles, and Malibu and Zuma Beaches in the county of Los Angeles under the authority of a certificate of public convenience and necessity granted in 1968 by Decision No. 74417 in Application No. 50156. The purpose of the service is to take children from San Fernando Valley to the beaches.

Applicant has applied herein to abandon one route and to institute three others between the points presently served. A single fare of 75 cents will be charged. Three 53-passenger crown diesel buses will be used to provide the service, which is operated during the summer season only, for a total of 90 days a year. The average round-trip distance covered is 80 miles. Applicant's statement of financial condition dated December 31, 1972 shows a net worth of \$7,298 and liabilities of only \$225.

The application has not been protested. The Commission finds that public convenience and necessity require that applicant abandon the partial route specified and establish the three new routes described. The application will be granted. A public hearing is not necessary.

O R D E R

IT IS ORDERED that Appendix A of Decision No. 74417, as heretofore amended, is further amended by incorporating therein Second Revised Page 3, attached hereto, in revision of First Revised Page 3.

The effective date of this order is the date hereof.

Dated at San Francisco, California, this 3rd
day of JULY, 1973.
