BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Investigation on the Commission's
own motion into the Rules Pertaining
to Underground Extensions to Commercial
and Industrial Developments and to
Individual Customers of all Electric
and Communication Public Utilities in
the State of California.

Investigation on the Commission's
own motion into Mandatory Require-
ments for Underground Extensions.

Case No. 8993
(Reopened November 14, 1972)

ORDER MODIFYING DECISION

It appears necessary to clarify the intent of paragraph C.1.b.(5) in Appendix B, page 2 of 3 and paragraph I.G.1.b.(5) in Appendix C, page 2 of 2 in Decision No. 81620 by distinguishing into two separate paragraphs the two conditions of "exceptional circumstances" and "when the utility elects to install the extension underground for its operating convenience". Additional minor changes have been made to Appendix B and C of Decision No. 81620 to clarify the intent by adding the words "do not" in paragraph I.G.1.b.(5) and by correcting typographical errors.
