ORIGINAL

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Application of YANDELL TRUCKAWAY, INC., a California corporation, for authority under Section 3666 of the Public Utilities Code of the State of California to deviate from the minimum rates for the transportation of glass bottles, demijohns or jars for OWENS-ILLINOIS, INC., between certain points.

Application No. 54378
(Filed October 11, 1973)

INTERIM OPINION AND ORDER

Applicant holds radial highway common carrier and highway contract carrier permits. By this application it seeks authority to assess less than minimum rates for the transportation of glass bottles, carboys, demijohns or jars, other than cut, with or without their equipment of caps, covers, stoppers, or tops, one gallon or less in capacity for Owens-Illinois, Inc. from their plants, warehouse, and storage sites in Oakland to destinations located in Sacramento, Rutherford, St. Helena, Salinas, and San Jose, and from said company's plants, warehouse, and storage sites in Tracy to destinations located in Rutherford, St. Helena, San Francisco, Fresno, and San Jose.

The minimum rates and applicant's proposed rates are as follows:

<u>From Oakland</u> <u>To</u>	<u>Minimum Rate</u> <u>30,000 lb. Minimum</u>	<u>Proposed Rate</u> <u>35,000 lb. Minimum</u> (except as noted)
Sacramento	54	49
Rutherford	51	46
St. Helena	53	48
Salinas	56	51
San Jose	42	26

<u>From Tracy</u> <u>To</u>	<u>Minimum Rate</u> <u>30,000 lb. Minimum</u>	<u>Proposed Rate</u> <u>35,000 lb. Minimum</u> (except as noted)
Rutherford	56	51
St. Helena	58	53
San Francisco	53	48
Fresno	60	55
San Jose	46	32*

*Minimum weight 40,000 lbs.

Applicant states that shipments will be palletized and loaded and unloaded with power equipment, as defined in Minimum Rate Tariff 2, by Owens-Illinois, Inc., without the assistance of, and any expense to, the carrier.

Applicant presently is authorized to assess less than the minimum rates for transportation of glass bottles, demijohns, or jars, other than cut with or without their equipment of caps, covers, stoppers, or tops from warehouse and storage sites of Owens-Illinois, Inc. located in Oakland to destinations in California, pursuant to authority granted by order SDD-169. Under applicant's proposal the deviation granted by order SDD-169 will not apply to shipments from Oakland for which authority is sought herein.

Revenue and expense data submitted by applicant indicate that the transportation at the proposed rate will be profitable.

Subject to further review at a public hearing, it appears, and the Commission finds that the proposed rate is reasonable. The Commission concludes that Yandell Truckaway, Inc. should be granted

interim authority for a period of six months. A future hearing will be scheduled in this proceeding.

IT IS ORDERED that:

1. Yandell Truckaway, Inc. is authorized to depart from the minimum rates set forth in Minimum Rate Tariff 2 to the extent set forth in Appendix A, attached hereto and by this reference made a part hereof.

2. The authority granted by order SDD-169 will not apply to transportation for which authority is granted herein to depart from the minimum rates.

3. The authority granted herein shall expire six months after the effective date of this order.

4. A public hearing shall be scheduled in this proceeding for the receipt of evidence on this application.

The effective date of this order is the date hereof.
