ORIGINAL

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of
PLAZA APARTMENTS, an Illinois Limited
Partnership Trust, doing business as
SHELTER CREEK APARTMENTS, for a
certificate of public convenience and
necessity to operate a Passenger Stage
Corporation, as defined in Section 226
of the Public Utilities Code between
San Bruno and Daly City in San Mateo
County.

Application No. 54492
(Filed December 10, 1973)

OPINION

Plaza Apartments, dba Shelter Creek Apartments, requests a certificate of public convenience and necessity to provide passenger stage service between the Shelter Creek Apartments, 701 Shelter Creek Lane, San Bruno, on the one hand, and the Bay Area Rapid Transit District (B.A.R.T.D.) station on Knowles Avenue in Daly City, on the other hand.

Applicant alleges that the Shelter Creek Apartments consist of some 1,300 units, with about 2,300 residents, and that it has received numerous requests from the tenants to provide a bus for transportation between the apartments and the Daly City BARTD station. Applicant proposes to provide such transportation for a 75¢ per capita fare. Applicant states that it owns a 1951 bus capable of seating 55 passengers and that it will acquire such additional equipment as may be necessary.

Copies of the application were served on the County of San Mateo, the Cities of San Bruno, Daly City and San Mateo, and also upon Greyhound Lines-West, Airporttransit of California, Northgate Transit and South San Francisco Transit Service.

No protests have been received.

After consideration the Commission finds and concludes that public convenience and necessity require the granting of the

application. We further find with reasonable certainty that the project involved in this proceeding will not have a significant effect on the environment. A public hearing is not necessary.
