Decision No. 82522

ORIGINAL

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Application of SKYVIEW LIMOUSINE)
SERVICE, INC., a California)
corporation, for authority to)
use 11-passenger vehicles.)

Application No. 54514
(Filed December 13, 1973)

O P I N I O N

Skyview Limousine Service, Inc., presently providing service as a passenger stage corporation between Los Angeles, on the one hand, and Palm Springs, on the other hand, requests the modification of its certificate so as to permit the use of limousines having a capacity of 11 passengers.

By Decision No. 77373, as amended, dated June 16, 1970 in Application No. 51515, applicant was authorized to provide service subject to the following restriction:

"(c) Service shall be operated with limousine-type air-conditioned vehicles, and no more than 7 passengers shall be transported in each vehicle, exclusive of driver."

It is alleged that there are peak periods, particularly on holidays, when applicant needs a larger vehicle; that the ability of applicant to use 11-passenger limousines will permit applicant to meet a public need for the personalized door-to-door service type of service that it presently provides; and that applicant proposes to use new specially designed Chrysler limousines.

After consideration the Commission finds and concludes that public convenience and necessity require the granting of the application. A public hearing is not necessary.

IT IS ORDERED that Appendix A of Decision No. 77373 is amended by substituting Third Revised Page 2, attached hereto and by reference made a part hereof, in place of Second Revised Page 2.

The effective date of this order shall be twenty days after the date hereof.

Dated at San Francisco, California, this 5th
day of MARCH, 1974.
