

Decision No. 82620

ORIGINAL

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Investigation
into the rates, rules, regulations,
charges, allowances, and practices
of all common carriers and highway
carriers relating to the transpor-
tation of petroleum and petroleum
products in bulk (commodities for
which rates are provided in
Minimum Rate Tariff 6-B).

Case No. 5436
Petition for Modification
No. 155
(Filed December 14, 1973,
amended February 1, 1974)

SUPPLEMENTAL INTERIM OPINION AND ORDER

By Decision No. 82619 entered today in Case No. 5436
(Petition 159) the Commission ordered a cost offset increase of
approximately 14 percent in the rates named in Minimum Rate Tariff
6-B governing the highway transportation of bulk petroleum products
within California. This cost offset rate adjustment reflects fuel
cost increases previously offset by a 3 percent interim surcharge
supplement and order issued in this proceeding by Decision No. 82453
dated February 5, 1974. Application of the 3 percent interim sur-
charge supplement and order to charges resulting under the provisions
of Minimum Rate Tariff 6-B should, therefore, be cancelled.

IT IS ORDERED that:

1. The 3 percent interim surcharge supplement and order currently applicable to charges resulting from the provisions of Minimum Rate Tariff 6-B is cancelled effective March 30, 1974.

2. Minimum Rate Tariff 6-B (Appendix A of Decision No. 82350, as amended) is further amended by incorporating therein, to become effective March 30, 1974, Supplement 1, attached hereto and by this reference made a part hereof.

3. In all other respects Decision No. 82350, as amended, shall remain in full force and effect.

The effective date of this order is the date hereof.

Dated at San Francisco, California, this 19th day of MARCH, 1974.
