Decision No. 82625

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Investigation
into the rates, rules, regulations,
charges, allowances, and practices
of all common carriers and highway
carriers relating to the transpor-
tation of cement and related products
(commodities for which rates are
provided in Minimum Rate Tariff 10).

Case No. 5440
Petition for Modification
No. 89
(Filed December 14, 1973;
amended February 1, 1974)

SUPPLEMENTAL INTERIM OPINION AND ORDER

By Decision No. 82624 entered today in Case No. 5440
(Petition 83) the Commission ordered a cost offset increase of
approximately 14 percent in the rates named in Minimum Rate Tariff 10
governing the highway transportation of cement and related commodities,
in bulk and in packages, within California. This cost offset rate
adjustment reflects fuel cost increases previously offset by a
3 percent interim surcharge supplement and order issued in this
proceeding by Decision No. 82453 dated February 5, 1974. Application
of the 3 percent interim surcharge supplement and order to charges
resulting under the provisions of Minimum Rate Tariff 10 should,
therefore, be canceled.

IT IS ORDERED that:

1. The 3 percent interim surcharge supplement and order currently applicable to charges resulting under the provisions of Minimum Rate Tariff 10 is canceled effective April 6, 1974.

2. Minimum Rate Tariff 10 (Appendix A of Decision No. 44633, as amended) is further amended by incorporating therein, to become effective April 6, 1974, Supplement 22, attached hereto and by this reference made a part hereof.

3. In all other respects, Decision No. 44633, as amended, shall remain in full force and effect.

The effective date of this order is the date hereof.

Dated at San Francisco, California, this 19th
day of MARCH, 1974.
