No. 272

SUPPLEMENTAL OPINION AND ORDER

Minimum Rate Tariff 17-A (MRT 17-A) names minimum rates for the transportation by dump truck carriers of property including rock, sand, gravel and asphaltic concrete. These rates include zone rates which apply from defined production areas to designated delivery zones and area-to-point rates which apply from defined production areas to specified delivery points. By Decision No. 82992, the rates for the transportation of asphaltic concrete from Los Angeles County Production Area 19-V to various delivery zones were established.

It has come to the Commission's attention that, through inadvertence, the zone rates from Los Angeles County Production Area 19-V to various delivery zones do not reflect the intent of Decision No. 82992.

In the circumstances, the Commission finds that the necessary corrections should be made by the order herein. A public hearing is not necessary. The Commission concludes that MRT 17-A should be amended accordingly.

IT IS ORDERED that:

1. Minimum Rate Tariff 17-A (Appendix C to Decision No. 80578, as amended) is further amended by incorporating therein, to become effective July 19, 1974, First Revised Page 4-V, Second Revised Page 11-U, Original Page 11-V and Second Revised Page 11-X, attached hereto and by this reference made a part hereof.

2. Common carriers subject to the Public Utilities Act, to the extent that they are subject to Decision No. 80578, as amended, are hereby authorized to establish in their tariffs the amendments necessary to conform with the further adjustment ordered herein.

3. Tariff publications authorized to be made by common carriers as a result of this order shall be filed not earlier than the effective date of this order and may be made effective not earlier than July 19, 1974, on not less than one day's notice to the Commission and to the public, and may be made effective on not less than ten days' notice to the Commission and to the public if filed not later than sixty days after the effective date of the minimum rate tariff pages incorporated in this order.

4. Common carriers, in establishing and maintaining the amendments authorized hereinabove, are hereby authorized to depart from the provisions of Section 460 of the Public Utilities Code to the extent necessary to adjust long- and short-haul departures now maintained under outstanding authorizations, such outstanding authorizations are hereby modified only to the extent necessary to comply with this order, and schedules containing the amendments published under this authority shall make reference to the prior orders authorizing long- and short-haul departures and to this order.

C. 5437 (Pet. 272) - LTC

5. In all other respects Decision No. 80578, as amended, shall remain in full force and effect.

The effective date of this order is the date hereof.

Dated at San Francisco, California, this 9th day of July, 1974.
