BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA
CITY OF PALM SPRINGS

Complainant,

vs.

SOUTHERN CALIFORNIA EDISON
COMPANY

Defendant.

Case No. 9687
(Filed March 21, 1974)

ORDER OF DISMISSAL

On July 30, 1974 the Commission entered Decision No. 83225, its Fifth Interim Order in Case No. 9581, an Investigation on the Commission's Own Motion Into The Adequacy and Reliability of the Energy and Fuel Requirements of the Electric Public Utilities in the State of California. Decision No. 83225 temporarily suspended the prohibitions and curtailment provisions of Paragraph (a) of Appendix A to Decision No. 82881.

In the circumstances, the Commission finds and concludes that the above-entitled complaint has become moot. The provisions of defendant's Rule 14.1 complained of herein are not presently in effect and there is no present controversy between the parties with respect thereto.

C. 9687 b1

IT IS ORDERED that Case No. 9687 is hereby dismissed.

The effective date of this order shall be twenty days after the date hereof.

Dated at San Francisco, California, this 17th
