ORDER OF DISMISSAL

This is a complaint by Fidelity Savings and Loan Association against Pacific Gas and Electric Company. The complaint relates to the application of defendant's Rule 14.1 to complainant. The Commission ordered all electric utilities to adopt a standard Rule 14.1 in the course of the Commission's investigation into the adequacy and reliability of the energy and fuel requirements and supplies of California electric utilities.

A duly noticed public hearing was held in this matter before Examiner Donald B. Jarvis on May 21, 1974 at Walnut Creek. It was submitted on June 6, 1974.

On July 30, 1974 the Commission entered Decision No. 83225, its Fifth Interim Order in Case No. 9581, an Investigation on the Commission's Own Motion into the Adequacy and Reliability of the Energy and Fuel Requirements of the Electric Public Utilities in the State of California. Decision No. 83225 temporarily suspended the prohibitions and curtailment provisions of paragraph (a) of Appendix A to Decision No. 82881. The effect of Decision No. 83225 was to suspend the provisions of defendant's Rule 14.1 complained of herein.

On August 15, 1974, the examiner notified the parties that the matter appeared to be moot in the light of Decision No. 83225. The examiner indicated that if any of the parties disagreed with this view it should respond to the Commission by August 30, 1974. No responses were filed.

The Commission makes the following finding and conclusion.

Finding of Fact

Decision No. 83225 has made moot the matters complained of in the above-entitled complaint.

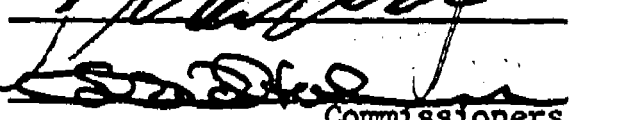

Conclusion of Law

The complaint should be dismissed on the ground of mootness.

IT IS ORDERED that Case No. 9681 is dismissed.

The effective date of this order shall be twenty days after the date hereof.

Dated at San Francisco, California, this 15<sup>th</sup>  
day of OCTOBER, 1974.
