ORDER EXTENDING TIME

Finding 2 of Decision No. 82896 dated May 21, 1974 found
that public convenience and necessity require that applicant be
authorized to transport baskets and ladders in interstate and
foreign commerce within the area covered by its current certifi-
cated authority which is registered with the Interstate Commerce
Commission. The decision also granted applicant an extension of
its intrastate certificated authority to include the entire Los
Angeles Basin Territory.

By letter dated November 7, 1974, applicant's attorney
advised that application was made to the Interstate Commerce
Commission in June 1974 for registration of the interstate rights
granted by Decision No. 82896 but that the registration has not
as yet been received. The letter requests a 90-day extension of
time within which to comply with the tariff filing requirements
of Ordering Paragraph 2.b. of the decision in order to avoid the
substantial expense of publishing tariffs twice, once for this
Commission and again when the Interstate Commerce Commission
Registration is received.
