Case No. 5437
Petition for Modification
No. 281

(Filed October 16, 1974; amended
November 1, 1974)

OPINION AND ORDER

Minimum Rate Tariff 17-A names minimum rates for the transportation by dump truck carriers of certain commodities, including asphaltic concrete. These rates include zone rates which apply from defined production areas to designated delivery zones, which are described in Southern California Production Area and Delivery Zone Directory 1. By this petition Sully-Miller Contracting Company^{1/} seeks extension of the system of zone rates for the transportation of asphaltic concrete and related items from Los Angeles County Production Areas 19-C and 19-FF to include certain additional delivery zones in Los Angeles County.^{2/}

^{1/} Sully-Miller Contracting Company is engaged in the business of processing, marketing, and shipping rock, sand, gravel, and asphaltic concrete (Decisions Nos. 80756 and 80757 (1972)).

^{2/} These rates would apply from Production Area 19-C to Delivery Zones 19100, 19103, 19104, 19105, 19106, 19107, 19108, 19109, 19110, and 19111, and from Production Area 19-FF to Delivery Zones 19100, 19101, 19102, 19103, 19104, 19105, 19106, 19107, 19108, 19109, 19110, 19111, 19120, 19121, 19122, 19123, 19124, 19125, 19126, 19127, 19128, 19129, 19130, 19131, 19132, 19133, 19134, 19135, 19136, 19137, 19138, 19144, 19145, 19146, 19147, and 19148.

Establishment of the sought zone rates would provide rates for the involved transportation which are the same in kind and character as the zone rates in Minimum Rate Tariff 17-A that apply from numerous other production areas to delivery zones in and about the Los Angeles area and nearby areas. The round-trip times, one-way distances, costs, and resulting zone rates have been prepared by the Transportation Division based upon the formula and procedures previously found reasonable in establishing existing zone rates. The two page computer printout of those data are included in the file in this petition as Exhibit 281-1.

Petitioner asserts that the addition of the sought delivery zones for application of asphaltic concrete zone rates from Production Areas 19-C and 19-FF is a noncontroversial matter. It requests that the petition be granted ex parte. The staff supports that request.

Copies of the verified petition and the amendment were served on known interested organizations on or about October 15 and October 30, 1974, respectively. The petition and the amendment were listed on the Commission's Daily Calendars of October 21 and November 7, respectively. No objection to the granting of the petition has been received.

In the circumstances, the Commission finds that the establishment of additional zone rates from Los Angeles County Production Areas 19-C and 19-FF as hereinafter provided will result in just, reasonable, and nondiscriminatory minimum rates for the transportation involved. A public hearing is not necessary. The Commission concludes that the petition should be granted.

IT IS ORDERED that:

1. Minimum Rate Tariff 17-A (Appendix C of Decision No. 80578, as amended) is further amended by incorporating therein, to become effective January 30, 1975, Third Revised Page 11-C, Third Revised Page 11-C-1, and Third Revised Page 11-FF, attached hereto and by this reference made a part hereof.

2. Tariff publications authorized to be made by common carriers as a result of this order shall be filed not earlier than the effective date of this order and may be made effective not earlier than the tenth day after the effective date of this order, and may be made effective on not less than ten days' notice to the Commission and to the public if filed not later than sixty days after the effective date of the minimum rate tariff pages incorporated in this order.

In all other respects, Decision No. 80578 shall remain in full force and effect.

The effective date of this order shall be twenty days after the date hereof.

Dated at San Francisco, California, this 30th day of DECEMBER, 1974.
