Decision No. 82916

ORIGINAL

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of)
RADIO RELAY CORP.-DELAWARE for an)
order authorizing it to control)
RADIO RELAY CORP.-CALIFORNIA.)

Application No. 55373
(Filed December 11, 1974)

O P I N I O N

Radio Relay Corp.-Delaware seeks authority to control
Radio Relay Corp.-California.

Radio Relay Corp.-California, formerly known as Radio
Page Communications, Inc., is a California corporation operating
as a radiotelephone utility in the Counties of Los Angeles,
Orange, Riverside and San Bernardino. It is a wholly-owned
subsidiary of Radio Relay Corp., a New York corporation.

According to the application, Radio Relay Corp.-Delaware,
a Delaware corporation, was organized as the parent corporation
for eight related corporations operating as radiotelephone utilities
in the States of California, Illinois, Michigan, Missouri,
New Jersey, New York and Ohio. It proposes to control Radio
Relay Corp.-California through acquisition of all of the latter's
outstanding shares of capital stock from Radio Relay Corp.

After consideration the Commission finds that control
of Radio Relay Corp.-California by Radio Relay Corp.-Delaware
would not be adverse to the public interest, and concludes that
the application should be granted. A public hearing is not
necessary. The action taken herein shall not be construed as a
finding of value of the capital stock of Radio Relay Corp.-California.

A. 55373 LSC

O R D E R

IT IS ORDERED that Radio Relay Corp.-Delaware may control Radio Relay Corp.-California.

The effective date of this order is the date hereof.

Dated at San Francisco, California, this 30th day of December, 1974.
